Many of us have smart phones, tablets, laptops, etc, but do we really get the best out of them, and do we know what to do if something goes wrong?

We will be holding drop-in sessions and 1-2-1 sessions, for local people, that are designed to give participants the skills, knowledge, and experience in managing their device of choice.

These sessions are open to all Tenants & Residents of Burnmouth Court and surrounding area.

We can assist participants with their mobile devices (**phones, tablets, and laptops**) then there will discussions on:

Cyber security

Emails

Scams & Phishing

Online bullying

Hacking

Passwords

Terminology

Video calling (Zoom, Teams, Skype, Messenger)

**Pop along to the conservatory for a cuppa and a chat with our experienced specialists.
